

Eldorado!

Briefing Sheet

Welcome team! You represent a group of treasure seekers looking for the fabled treasure of Eldorado. You are aware that other teams are also seeking the lost hoard of treasure. You are determined to find the treasure (whose exact whereabouts are unknown) which is somewhere in the Soros region (see map).

The treasure is hidden in an enormous treasure chest that can only be opened by a single key. Three keys have been discovered in the ruined Prospect City. The correct one must be used - either of the wrong keys inserted into the lock will cause the treasure to disappear.

There are other teams taking part in the search. You may exchange information with any other team though they may request an agreement on sharing out the loot should you find it. Please note that written agreements are binding; verbal are not. Meetings with other teams can only take place after 15 minutes have elapsed - and only by *one* person from your team at any one time. To visit another team you must be holding a flag showing your team mascot (details will be in further briefing information coming soon) and wearing a hat. If another team member tries to visit you without wearing their hat and showing the flag with their mascot, you should refuse to meet with them. Details of how to make your hat and flag will be given to you when you solve the following “puzzle”. The puzzle is a four word, English/German phrase*. Hint: the / indicates a space between each word. When you have solved it, tell the phrase to the facilitator.

English: 29 17 14 / 10 23 28 32 14 27 / 18 28 / 15 18 15 29 14 14 23

German: 13 18 14 / 10 23 29 32 24 27 29 / 18 28 29 / 15 30 23 15 35 14 17 23

So, your objectives (not necessarily in the right order) are:

- 1 To obtain the treasure.
- 2 To locate the treasure.
- 3 To solve the puzzle and get your flag and hat resources.
- 4 To select the right key (by knowing its number).
- 5 To complete the tasks.

When you have identified the correct key, the location of the treasure (in a two letter cross reference eg grid ref. PE) and the solution to all the tasks, take the details to the Trainer, remembering to wear your hat and carrying your flag. If correct you will be given the treasure.

You have a limited time for this activity. Remember that if any of your calculations or answers is wrong you could lose the fabulous treasure of Eldorado. Therefore you should check your work very carefully and spend time planning before you rush into things.

*You can choose to solve the puzzle in either English or German. You do not need to solve both

Each team is working in a different breakout room. Use the links below to visit a different team/room.
